2017 NOVEMBER 2018 AHC FALL FUN

It's been an awesome kickoff to the school year here at Academy for Health Careers! Students are learning valuable skills and content in their courses, as well as exploring the world of health care through guest speakers, field trips, and hands-on study in the fields of emergency medicine and nursing.

Open School night was a great opportunity for parents to meet teachers and learn about the expectations at each grade level. The carnival-themed 10th grade presentation was a standout. If you missed the event, be sure to catch up with teachers at Parent-Teacher

Conferences, 11/9 and 11/10.

Our senior class, with support from teachers, planned a scarily successful haunted hallway event, held the Friday before Halloween. Our costume masks and kooky hats off to them!

After school and Saturday tutoring to provide additional support to students preparing for January Regents exams will begin next week. Students can get more details about the days on which tutoring is offered for specific exams, as well as permission slips, from their teachers. As we approach Regents week, tutoring will also be offered Saturday mornings from 10:00am-1:00pm. These Saturdays, students will be able to attend 90-minute sessions for two different subjects. The dates will be:

Saturday, December 9th

Saturday, December 16th

Saturday, January 6th

Saturday, January 20th

Regents Week will occur January 22nd-January 25th.

▶ Grade 9
▶ Grade 10

Ms. Davis
Guidance Counselor
Rm. 225, ext. 2251
▶ Grade 11
▶ Grade 12

UPCOMING PARENT ASSOCIATION MEETINGS

Please join our Executive Board at our monthly Parent Association meetings.

Not only do these meetings provide an opportunity to learn about what's happening at AHC, but they also serve as a venue for networking between parents.

At many meetings, parents can access additional resources and education, and well as participate in school-wide decision-making.

Meetings are held on the 2nd Saturday of the month, from 10:30am-12:30pm.

PARENT WORKSHOPS

In collaboration with the administrative team and teachers, the Parent Association has developed a comprehensive slate of parent workshops over the course of the school year.

These workshops will cover a variety of topics ranging from online systems parents can use to track student progress through high school and the college application process, to presentations on how parents can best cope with their own stress.

If you have any additional feedback on workshops you might find useful, please contact the PA president or Ms. Stoler at [sstoler@academyhc.org](mailto:ssstoler@academyhc.org) so we can explore potential dates and facilitators.
